

Investment Committee

Agenda Item 7e

March 18, 2024

Item Name: Policy Changes for Responsible Contractor Policy-First Reading

Program: Sustainable Investments

Item Type: Information

Executive Summary

This agenda item provides an update on the refresh of CalPERS' Responsible Contractor Program (RCP) Policy (Policy).

Strategic Plan

The agenda item supports the CalPERS Strategic Plan goal to strengthen the long-term sustainability of the pension fund and cultivate risk-intelligent decisions.

Investment Beliefs

This agenda item supports the following Investments Beliefs:

Investment Belief 3 – CalPERS investment decisions may reflect wider stakeholder views, provided they are consistent with its fiduciary duty to members and beneficiaries

Investment Belief 4 – Long-term value creation requires effective management of three forms of capital: financial, physical, and human

Background

CalPERS has had an RCP Policy since the 1990s. We have a deep interest in the condition of workers employed by CalPERS and our managers and delegates. The RCP Policy supports fair wages and benefits based on small business development, local market conditions, subject to fiduciary principles and control of operating costs. The RCP Policy exists to ensure prudent and careful action to domestic Real Estate and Infrastructure investment managers where:

- CalPERS has greater than 50% ownership interest
- The Policy requirements are met
- Contract amount is \$100,000 or more

Analysis

As of July 2015, Real Estate and Infrastructure managers began operating under the Policy as revised in March 2015. At the direction of the Investment Committee, Investment Staff undertook Policy review and engagement process to assess potential areas for updates.

Proposed Policy updates will strengthen manager responsibilities, clarify reporting guidance, strengthen the risk management function of the Policy, and help streamline implementation of the Policy, and facilitate communication between stakeholders and managers.

Budget and Fiscal Impacts

Existing budgetary resources fund the ongoing costs for implementation, administration, and management of the RCP Policy for the CalPERS Investment Office.

Benefits and Risks

The design of this Policy is intended to require investment managers, and their delegates, to take prudent and careful action when selecting and employing contractors on RCP assets. The Policy helps CalPERS manage both human capital and reputational risk by supporting the use of responsible contractors. This Policy also helps manage costs through competitive bidding, which benefits CalPERS' long-term investment returns.
