## OUR BELIEFS

We believe healthier individuals create more vibrant families and communities.

We believe treating people with kindness, respect and dignity empowers healthy decisions.

We believe we have a responsibility to remove barriers and make it simple to get well, stay well, and be well

We believe in treating the whole person, not just the physical body.

We believe local partnerships enable meaningful, accessible healthcare.

# Coverage for Every Stage of Life

Health Net focuses on government-sponsored health care through CalPERS and other government employers such as the counties of Santa Clara and San Francisco, Covered California, Medi-Cal and Medicare.

# Health Net Salud HMO y Más

- Salud was designed for our members who want access to **affordable, community-based health care coverage**.
- We cater to the **diverse needs of the Southern California community**.
- Health Net is focused on improved access - in 2022, we **added Scripps Medical Group in San Diego** as a new covered provider, and for the 2025 plan year, we **expanded into Imperial County** as a new covered service area.
- Our plan offers **cross-border coverage to all Salud members**. Members and their dependents can receive care from SIMNSA doctors and facilities in Mexico (Tijuana and Mexicali), and there is no need for a referral. SIMNSA has been providing medical services for over 25 years, and they have built an extensive network of over 500 healthcare providers and a state-of-the-art-hospital.
- Health Net received and has continually held the **National Committee for Quality Assurance (NCQA) Multicultural Health Care Distinction (MHC)** since 2011.
